SKILLS

- **SQL** (MySQL, PostgreSQL, Joins, CTEs, Window Functions)
- **Python** (Pandas, NumPy, Matplotlib, Seaborn)
- **Excel** (Pivot Tables, VLOOKUP, Power Query)
- **Data Analysis** (Data Cleaning, EDA)
- **Power BI** (DAX, Data Modeling, Drill-through, KPIs)
- **Data Visualization** (Dashboard Development, KPI Reporting)
- **Analytics** (Business Intelligence, Reporting, Trend Analysis)

PROJECTS

Customer Churn Analysis & Prediction | Python, SQL, Power BI GitHub

- Built an end-to-end customer churn analysis pipeline using SQL Server, Python, and Power BI to analyze customer behavior and identify churn patterns.
- Performed data preparation and exploratory analysis before training a **Random Forest Classifier** with Scikit-learn to predict high-risk churners using contract and usage data.
- Developed interactive Power BI dashboards with KPIs and DAX measures to analyze churn trends, customer risk profiles, and business metrics across multiple dimensions.

Global Supply Chain & Order Fulfillment Analytics | PostgreSQL, Python, Power BI GitHub

- Designed a PostgreSQL **star schema** and built an end-to-end analytics pipeline for global order fulfillment and supply chain data.
- Performed data cleaning and SQL analysis to evaluate sales, profitability, shipping performance, delivery delays, and operational KPIs.
- Developed interactive Power BI dashboards with DAX measures, data modeling, KPI cards, slicers, and drill-through analysis to generate actionable business insights.

Data Jobs Market Analysis | SQL, Power BI GitHub

- Developed an interactive Power BI dashboard analyzing a dataset of **478K+ global data job postings** to identify hiring and salary trends.
- Created dynamic DAX measures and KPI cards to analyze hiring volume, salary trends, remote work adoption, and job-market patterns.
- Implemented multi-criteria slicers and drill-through pages for role-wise, location-wise, and other dimension-based analysis.

EXPERIENCE

Data Analyst Intern | Unified Business Web Solutions Pvt. Ltd. 2025 – 2026

- Performed data analysis, data visualization, and reporting using **Microsoft Excel, SQL, and Power BI**.
- Applied data cleaning, exploratory analysis, SQL querying, and Power BI dashboarding to assigned analytics projects and business datasets.

AI Training Contributor | Outlier AI 2025

- Contributed to AI model training and evaluation tasks involving prompt analysis, response evaluation, and quality assessment.
- Evaluated AI-generated responses for accuracy, reasoning quality, and instruction-following behavior to support model improvement.

EDUCATION

B.Tech in Computer Science & Engineering 2021 – 2025
Swami Keshwanand Institute of Technology (SKIT), Jaipur GPA: 7.9/10
